EDUCATION

University of Port Harcourt, Rivers, Nigeria   Nov 2014-Nov 2021
BSc, Pure and Industrial Chemistry(Second Class Upper Division)

TECHNICAL SKILLS

Programming languages: Python, R, SQL, Javascript.
Data Visualization Tools: Tableau, PowerBI
ML libraries: Scikit-learn, TensorFlow.
Data Analysis Tools/Libraries: Pandas, Matplolib, Requests, Seaborn, Numpy.
Soft Skills: Teamwork, Communication, Critical thinking
Other Tools: MS Office(PowerPoint, Excel, Word)

EXPERIENCE

Data Science Intern   Jan 2022 - May 2022
Hamoye Remote, NG
● Built ML models with structured and unstructured data sets using different ML types such as Linear regression, and K-mean clustering.
● Applied statistical analysis, and machine learning methods to large data sets for data preprocessing, bias detection, and predictions

Financial Analyst   Feb 2020-Feb 2021
AIESEC, Port Harcourt, NG
● Developed data collection methods and financial strategies to revamp the revenue performance which improved finance by 35%
● Created key performance indicators dashboard using Excel for budget and predictions on future revenues.

CERTIFICATION/COURSES

Datacamp Data Science Certification
Udacity Junior Data Analyst Certificate
IBM Data Science Professional Certificate
